FOREWORD

Mr. Rajat Mohan

Managing Partner

It is a privilege to present this concise handbook on **Value Added Tax in the United Arab Emirates**, offering a structured compilation of the governing legislation, executive regulations, and key administrative decisions shaping the UAE VAT regime.

Since the enactment of Federal Decree-Law No. 8 of 2017 on Value Added Tax, the UAE has steadily strengthened its indirect tax framework through regulatory refinements and guidance issued by the Federal Tax Authority. The evolving compliance landscape demands clarity, technical precision, and proactive governance from businesses operating within and beyond the UAE.

This publication is designed to serve as a practical and reliable reference, enabling stakeholders to navigate VAT obligations with confidence while aligning with best practices and regulatory expectations.

I trust this handbook will assist professionals and businesses alike in achieving informed, compliant, and efficient VAT management within the UAE.

We have made sincere efforts to supplement each provision and its interpretation in this book. However, we acknowledge that there is always room for improvement. Therefore, we invite creative feedback and valuable suggestions at uae@amrg.in
